CELEBRATING 20 YEARS!

2014/15 ANNUAL REPORT

We extend our heartfelt thanks...

Dear Friends,

Where has the time gone? Happy 20th Celebration to the Byrnes Health Education Center! To all who have contributed to the success of our organization over two decades, we extend our heartfelt thanks. There have been so many people that have contributed to our success: current and former staff, board and advisory board members, committee members, volunteers, donors, collaborative partners and of course, all the schools and community groups that have been served over twenty years. Success this big requires the commitment of many and our organization has been blessed.

We have seen so many changes over the years: number of programs, delivery platforms and even our exhibits. However, the one constant has been our mission statement which has not changed since the Center began... **to educate and inspire people of all ages to make healthy choices.** There has been unwavering support for our mission, which is universal and topical. Since the Center opened our mission statement has been our strategic guide and we have educated and inspired over 7 million people.

This past year has been monumentally successful for the Center. We reached new milestones in the number of programs delivered, continued to expand our presence geographically, added more educators to our staff and celebrated a great year of fundraising in support of delivery of our vital health education programs.

We invite you to continue on this journey with us. Your partnership is vitally important to our mission. Together we can continue to empower our communities to live a healthy lifestyle.

Our Mission

To educate and inspire people of all ages to make healthy choices

Our Vision

To be a leading resource of innovative, high-quality, effective health education

Our Values

With a commitment to excellence in all that we do, the Susan P. Byrnes Health Education Center values –

- a passion for healthy communities;
- a culture that embraces creativity and fun;
- seeking and sharing knowledge; and
- an atmosphere of integrity and mutual respect.

From the Founder

WOW!! Look what our community accomplished!

Since 1995, when we opened our bright red doors, the Byrnes Health Education Center has impacted literally millions of lives by celebrating the “wonders of life” in our dynamic health education programs. Many of those early students are now parents and carrying on the goal of educating and inspiring their children to make healthy choices.

My heartfelt gratitude and appreciation go to former and current staff and board members for believing in my dream of a health education center. Together, we’ve built and sustained a world-class organization that continues to change lives.

To the educators and parents who continue to introduce the power of prevention through your utilization of our programs I extend my sincere Thanks.

Twenty years of delivering premier health education programs, now around the world, is a dream come true.

Susan Byrnes presents the Celebration of Life Award to Peg Stauffer.

Founder's Celebration of Life Award

The Founder's Celebration of Life Award was established in 2002 by Susan and Randy Byrnes to honor individuals who celebrate the gift of life every day and inspire others to do the same. The recipient is given a beautiful award and a \$500.00 gift is made in their honor to the Susan P. Byrnes Health Education Center. In 2010, an endowment was established by Charles G. Petron, in honor/memory of Susan's parents, Charlie and the late Gussie Petron. This endowment will ensure an annual honoree in perpetuity.

Barbara A. Ruth

Volunteer of the Year

"Hello, my name is Barb Ruth, a volunteer at the Byrnes Health Education Center since my retirement as a teacher from the Dallastown Area School District. When the Center opened in 1995, my class of third grade students began coming for a health lesson. The students saw many programs taught by the educators and would return to our classroom filled with excitement and eagerness to return again. I also received many benefits from visiting the BHEC. I decided that I wanted to be part of this place by volunteering my time and talents in whatever way possible. So, in 2006, I made the phone call and have been volunteering ever since.

"I was given many tasks to do: answering phones, working the reception desk, putting packets together, computer work, Discovery Carts, helping with Safety Town and paperwork. I worked with many people over the years, all who welcomed and encouraged me to do whatever needed to be done.

"Whenever I come to volunteer, I meet people who are friendly, courteous, dedicated and committed to the mission of the Center. I have come to learn that this is a special place for children and adults to learn about health and the issues around staying healthy. York County is indeed lucky to be home to the Byrnes Health Education Center."

Byrnes Health Education Center Legacy Society

Generously supporting the Center through an endowment gift or bequest.

Our Legacy Society continues to grow, now 118 members strong.

Thank you to the following members for their generous and thoughtful gifts, ensuring future generations will be educated and inspired to make healthy choices.

Health Education Services Year in Review

eLearning Department

We continue to enhance LearntobeHealthy to bring engaging and dynamic health education curriculum straight to your students in grades K-12. This year is our 10th anniversary for providing engaging health education without any boundaries! LearntobeHealthy.org continues to provide more features for our members. We added a search tool so members can now easily search for specific lesson plans based on their needs. LearntobeHealthy also now has an easy registration page for anyone wanting to subscribe to a 30-Day Free Trial. Continuing to overcome boundaries, the free LearntobeHealthy app **Healthy4Me** is now available in iTunes. This app won the gold Horizon Interactive Award for Education/Mobile Apps and has reached over 1,200 downloads in less than a year!
